Life in Cyprus

With around 320 days of clear blue skies a year, sunshine in Cyprus is guaranteed. But it's not just the climate that makes it one of the most welcoming countries in the world. Located at the crossroads of three continents, the island has embraced the cultures of both East and West for thousands of years. Cyprus is one of the few easily accessible islands to have kept pace with the times while still preserving its charm and natural beauty. Breathtaking scenery, blue flag beaches and ancient landmarks are always just minutes away.

Cyprus has been an EU member since 2004 and the Euro is the local currency. A low cost of living is complemented by one of the most beneficial tax regimes in Europe, while a legal framework based on the English system makes buying property easy. The majority of Cypriots are fluent in English, with many also speaking Russian, German, French and Scandinavian languages. The national language is Greek.

An excellent infrastructure is enhanced by advanced communications, an exceptional medical care system and first-rate education. With one of the lowest crime rates in the EU, Cyprus is one of the safest countries in Europe. What's more, the island's stress-free lifestyle and minimal pollution make it one of the healthiest and most relaxing places to live.

Living in Limassol

Limassol is the most cosmopolitan city in Cyprus, renowned for its vibrant atmosphere and spontaneous hospitality. Retaining the character of its rich and colourful history, the city also serves as a thriving commercial centre for its international community.

Whether for business or pleasure, Limassol offers a wealth of variety: from fashionable boutiques, gourmet restaurants, trendy bars and clubs, to cultural events and festivals.

Beyond the city await the idyllic villages and nature trails of the Troodos mountains; blue flag beaches and historic landmarks; wineries and orchards; and, for the golfing enthusiast, a range of championship courses. Such a beguiling mix has elevated Limassol to one of the foremost destination attractions in Europe, with an ever-increasing number of international carriers flying to the nearby airports of Larnaca and Pafos.
